Combo H CLASS

MEDICAL GRADE

**Medical Station Combo INTOP 6, H Class, Height adjustable wall mount**

The science of access to technology at the point of care everywhere

**INTOP H CLASS is an exclusive combination of:**

- \* StS® lifting technology patented and easy to use by hand pedal
- \* Quick, easy and extensive station customization
- \* Easy assembly
- \* 10x faster deployment than others
- \* Unsurpassed value
- \* Exclusive attention to the needs of health clinicians
- \* Unlimited support for integrators, IT and clinicians

**•Solid as rock and on the wall with the advantages:**

**1. Real ability to adjust the height from one seat to another:**

StS® lifting technology offers 45.72 cm of effortless height adjustment using a hand lever.

**2. Rock solid construction:**

Professionally designed to withstand the rigorous demands of the health care environment

**3. Compact design:**

The independent height and depth adjustment of the monitor and keyboard saves space for all users, as they are less than 11.43 cm from the wall.

**4. Easy to assembly:**

Minimum installation required for economical installation.

**5. Customization:**

There are different needs for each health care environment.

That's why customization is the key. Let our professional sales and engineering teams help you customize your workstation.

\*This wall-mounted workstation provides optimum technological access, thanks to effortless positioning of the monitor and keyboard to meet the ergonomic requirements of a seated or standing person. INTOP H Class restores the standard for workstations where space is reduced.

\*
