ErgonoFlex CliqTec 1 Medical Mouse, waterproof, hygienic, disinfectable and wireless

CLIQTEC

Introducing the washable Ergonoflex Cliqtec MOUSE 1 – designed specifically for healthcare environments where hygiene is a priority. This USB computer mouse features a sealed, IP68 waterproof design, making it possible to clean and disinfect without compromising performance. Perfect for hospitals, labs, and clinics, this mouse offers protection against dirt, dust, and liquids, ensuring a clean work environment.

Washable Mouse: Fully washable and disinfectable for optimal hygiene.

IP68 Waterproof: Sealed design to protect against dust, dirt, and liquid ingress, making it suitable for even the most demanding environments.

Ergonomic Design: White, easy-to-handle exterior designed for comfort during extended use. There is no compromises in usage to a regular mouse.

High Precision Tracking: 1000 DPI optical sensor for accurate, smooth movement on a variety of surfaces.

Mechanical Buttons & Scroll Wheel: Enjoy precise control with left and right mechanical buttons, and a responsive scroll wheel that supports up/down scrolling and middle-click functionality.

USB Connection: Plug-and-play connectivity for seamless integration with any computer
