300 mm Medical Column Arm, for 4 back-to-back monitors, work surface mounting

This 300mm Medical Column Arm allows you to perfectly fix, orient and adjust four LCD screens, these are placed back-to-back. It is covered with an anti-microbial agent providing hygiene and cleaning in every detail.

Its modern design has been specially designed for healthcare environments.

Technical characteristics:

- * Integrated cable entry
- * This column can be easily cut to size.
- * All cables run through the column, horizontal rail and mini arms. No cables are visible. Two cable covers are supplied with this configuration.
- * The column has a front and a back face allowing to add other elements, these are simply slipped into the column and then adjusted to the desired height and fixed. (see options below)
- * The heads of the 4 mini arms comply with the standard for mounting the screens: VESA MIS-D 75 mm and 100 mm. Tilt rotating head.
- * Compatible with screens up to 8 kg in weight. * Touch screen stability.
- * Mounting of 4 back-to-back screens
- * Screen tilt: 30° downwards and 17° upwards
- * Screen rotation: 60°/90° right, 90°/60° left.
- * Horizontal arm rotation: 95° right, 95° left.
- * Length of the horizontal arms: 728 mm
- * Column height: 300 mm
- * Compatible with multimedia terminals (TMM)
- * Color RAL 7024 (Graphite grey and White)
- * All our medical arms are in compliance: CE, ROHS, Medical Grade, Regulations MDD 93/42 ECC.
- * Warranty: 5 years
